

B. GOPI KRISHNA

FRONT END DEVELOPER

ABOUT

I'm a 100% self-taught and an aspiring Front End Developer based in Chennai, India and I'm highly interested in learning about web apps and web related technologies. I'm currently looking for internship opportunities as a Frontend developer.

PROJECTS

My Book Shelf

JAN 2019

A Book Shelf App inspired from "Goodreads" shelf feature. The project is still ongoing. It is still an ongoing project.

You can check it out [here](#).

Markdown Previewer

OCT 2018

A Live Markdown Previewer using React JS and uses the marked.js library for parsing Markdown.

You can check it out [here](#).

Pomodoro Timer

NOV 2018

A Pomodoro clock Progressive Web App using React JS.

You can check it out [here](#).

Moviebase

MAR 2019

A movies manager app which uses themoviedb API. *The project is still ongoing.*

You can check it out [here](#).
